Objective:

To channel my analytical and problem-solving expertise from mathematics into the dynamic field of computer applications, driving innovative solutions and personal growth through continuous learning.

Education:

Master of Computer Applications | 2024 - 2026

Kumaraguru College of Technology – GPA - 7.29

Bachelor of Science in Mathematics | 2021 - 2024

Sri Ramakrishna Mission Vidyalaya College of Arts and Science - CGPA 6.572

HSC | 2020 - 2021

Chellammal Matric Boys Higher Secondary School - CGPA 7.58

SSLC | 2018 - 2019

BHEL Matriculation Higher Secondary School - CGPA 6.48

Technical Skills:

- Python
- SQL
- C
- Java
- HTML/CSS
- Excel

Soft Skills:

- Leadership
- Communication
- Creativity
- Decision Making
- Time and Event Management

Project:

AI Chatbot Web App

Developed a web-based chatbot using NLP to generate intelligent responses. Implemented both rule-based and AI-driven models, integrated OpenAI’s GPT API, and deployed it on a cloud platform. Enabled real-time interaction with a responsive UI and Flask backend.

Area of Interest:

- Ai-Powered Creative Systems
- Explainable and Ethical AI
- Generative Architectures and Innovation
- AI for Real-Time Decision-Making
- Intelligent Systems on Edge Devices

Certification:

- Steps into RPA
- Automation Techniques in RPA
- Cororate Strategy and Innovation
- Digital Product Management: Modern Fundamentals

Academic Membership:

- Event Head - UG Association (2021-2024)
- National Service Scheme - Leader (2022-2024)

Personel Interest

- Gaming
- Fitness
- Sports and Athletics

Languages Known

- Tamil
- Englilsh
